

## PRESS RELEASE

August 19, 2009

**Deer Park, Texas** (and all Divisions)... August 19, 2009, Garner Environmental Services has surpassed **1.8 million** man hours without a Lost Work Day Injury or Illness. This achievement represents **5 years 21 days** of routine exposures to a variety of hazardous environments, many with unknown concentrations and/or contaminants. As a result of this exceptional (ongoing) achievement, by our employees, we have submitted our safety data to the National Safety Council and have received the following recognitions:

- NSC Perfect Record
- NSC 1,000,000 man hour

We are an "all hazard, crisis solution" contractor, with expertise in the fields of Emergency Response for Hazardous Material and oil/chemical spill clean-up. In addition, we have niche for full array of Safety Services, including but not limited to, OSHA & Specialty Safety Training, Confined Space Rescue, Third-Party Air Monitoring, as well as providing Disaster Response, with expertise in post-hurricane logistical support, debris removal, and diseased animal depopulation.

To maintain our focus and vision on "safety", we employ a simple, but effective daily motto:

**"Plan Your Work & Work Your Plan"**

W.S. (Scotty) Bourgeois

VP – HR, HSE & Training
